Make contact

If you think you are pregnant, and you are not sure about what to do, get in touch with us for a free, confidential chat about your options.

Talk it through

You do not need to panic. You do not need to be pressurised into sudden decisions. Through Acorn you can talk confidentially and privately to one of our counselling volunteers at the centre. The counselling volunteer will help you work through to a considered decision on how to tackle the crisis. They will offer you information and space to think.

Counselling

For those who have experienced pregnancy loss (abortion, miscarriage or stillbirth), Acorn can help with counselling.
